

New project request

Aligned with **bold purpose**?

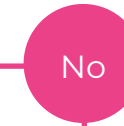

To increase value and impact, ask:

- ▶ Are there bold design choices or new strategies that will improve the outcomes?
- ▶ Is there a SME group you can engage to ensure success?
- ▶ Are there cross-functional groups who can get involved to drive the desired outcomes?

Still required?

Consider:

- ▶ Scaling it down
- ▶ Pausing
- ▶ Handing off to another group
- ▶ Reassessing the need and how it can be redesigned to align with your bold purpose
